created Server Code

Your Server Code is: **12345**

You can use this 5-digit code to join the local server you
have just created on other machines.
On other machine:
Local server -> Setup -> Join -> Use the 5-digit server code.

Back   Continue

SETUP LOCAL SERVER

Create

Join

Back

On **first machine**
create Server Code

Use 5-digit code to join local server.
It has to be first created on one of your machines.

Server Code: [   ]

1	2	3
4	5	6
7	8	9
0	⌫

Back   Continue

SETUP LOCAL SERVER

Create

Join

Back

On **other machines**
join to the local server,
use **created Server Code**
